JOB SHADOWING

NNAHEC's long-standing job shadowing program offers high school, college, and non-traditional students invaluable opportunities to explore diverse careers in healthcare. Spanning locations across the state, the program provides hands-on, immersive experiences tailored to meet a range of needs, including career exploration, prerequisites for pre-health and health profession training programs, and pre-employment preparation

HIPAA

NNAHEC offers online HIPAA training to ensure students understand the critical principles of patient privacy and confidentiality. This training is utilized across our region and at various locations throughout the state to meet requirements for job shadowing, healthcare curricula, and various professional programs. In collaboration with other Nebraska AHEC regions, NNAHEC provides this essential resource to support students across regions, fostering a unified approach to advancing students healthcare careers.

163 NEBRASKA AHEC SCHOLARS

The Nebraska AHEC Scholars Program, part of a national initiative, is a two-year program preparing health profession students to serve in rural and urban underserved areas. AHEC Scholars gain access to exclusive workshops, potential employers, community leaders, and national and state resources on the latest health topics.

Last year's topics included:

- Community Health Workers
- Cultural competency
- Federally Qualified Health Centers (FQHCs)
- Healthcare equity and advocacy
- Quality and patient safety
- Underserved patient populations
- Nebraska healthcare employers

PARTNERSHIPS

150+
PARTNERS

Partnerships are the cornerstone of NNAHEC's mission to develop and train a diverse healthcare workforce for our region. Since its inception in 2003, NNAHEC has collaborated with academic institutions, healthcare providers, community-based organizations, and state, regional, and national entities. These efforts aim to enhance access to quality healthcare—particularly primary and preventive care—across the communities within our 27-county region.

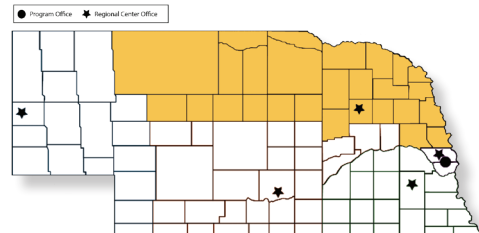

Increase access to continuing education training

RETAIN

CONTINUING EDUCATION

Continuing education (CE) opportunities are provided across the state through collaboration of all five regional AHEC centers. Ensuring healthcare professionals in rural and underserved communities have access to CE training supports the retention of a knowledgeable and skilled healthcare workforce.

NNAHEC serves 27 counties.
